Subject Re: Order has been updated Dec 31 16:33 Message: Can you adjust the goal. It is stated as a high profile kill. That is wrong. It is a seven day kidnapping of a non-high profile person. What would the escrow be for this?? What would be the real timeline? The reason I ask is because I had ordered a simple beating of a target. After almost four weeks, nothing had happened so I canceled it. So, how long should it take and if it hasnt happened, then what?? Thanka Reply Del

Message: The information shared with me regarding the target is she has a full time job and a part-time job at [Link to VICTIM 2's employer](#) She works there every other Wednesday night and closes the business by herself around 7 pm. I dont know for sure if she is actually working tonight, but it is likely. Her schedule gets complicated because she has kids every other week. This week she does not have kids. She will have kids starting Friday after work, around 4. That is something to consider now. But, since it is such short notice, I am sure you will have other ideas. She is stubborn. The vendor/team will have to be very persuasive to get her to follow through with the goals. But I suspect your team can be just that, very persuasive and hopefully will be able to encourage her to complete the tasks even after she is released. old message below ----- : Hi, I see the minimum amount of bitcoin that you sent is arriving to your wallet. Yes, the goals can be done withing the 2 weeks of the job being done, for the bonus of \$20k to \$40k. 17:47:47 Message: Let me know which of those two would work. I would prefer to just add the bonus Bitcoin shortly after the target is in hand, with some sort of obvious pics that prove it. Does you guy need more details? Does he understand the goals? The top goals to get the biggest bonus is stopping all court proceeding AND going back to her husband. Importantly, the court timeline is coming up, that is why there is a 2 week window. If we miss that, then the bonus will shrink, unfortunately. What is his timeline for getting her? I have few restrictions on what it will take to persuade her. Threatening family, use her dog as a demonstration, whatever. And pics and videos are necessary to use to keep her mouth shut in the future. Time is of the essence to avoid the court stuff moving forward. Subject Reply : Re: Reply : Re: Reply : Re: Reply : New job request received Date2021-04-01 05:01:09 Message: First, lets ensure the goals are correct. I think you accidently wrote "not go back" when in fact she MUST go back. This is the absolute goal that she must do for a good bonus. Goals 1. Stop all court proceedings 2. Do go back to her husband weather she wants to or not 3. Keep her mouth shut, and tell no one about the kidnapping 4. Plant drugs in her home and used needles a day or so after collecting her. So, if people start looking for her while she is detained, they will find them. 5. Inject her with heroin 2 times per day. Teach her to inject herself. 6. Send pics and videos of her injecting herself for bribery later. Her schedule I have described. I have been told she has kids every other week starting on Friday. She has kids starting this Friday. She works week days from about 8 to 4. When she does NOT have kids she works at the [REDACTED] on Saturday and then Wednesday after work. I will use an external escrow. Hidden WiKi, where I first discovered your link, suggests the following:. "Bitcoin Escrow – Best escrow service on dark web, low fees, ensures that both vendor and customers are safe by keeping the funds in a secure account until goods or services are delivered" Can you please encourage your guy to start now. I have \$40k in a wallet right now. I tried to send a pic of it but I cant get this email to select that file. I will start moving the Bitcoin as soon as we agreed on an escrow. But it will take a couple days to get there. I dont want to loose much more time. If he collects her when she has kids it will be immediately publisized. If she doesnt have kids AND she is forced to send texts out to work and any nosey friends , she could say she has COVID and is quarantined. So, please have him start now and send me updates and pics as soon as you have her. AND is the Bitcoin Escrow gonna work for us? I think being very clear about the bonus will avoid a dispute. So, I will propose the following: To earn the additional associated bonus, within 2 weeks of the target being released, she will have completed the specific goal. 1. Permanently withdraw all court motions and all mediated agreements. Bonus \$10k 2. Return to your husband by asking to move back home AND fucking him at least three times within the 2 week time frame Bonus: \$10k 3. Keep her mouth shut and tell no one, ever about the kidnapping Bonus \$10k 4. Inject her daily with heroin and teach her to do it AND supply pics and videos of her injecting herself. \$5k 5. Plant drugs and used needles with her DNA in the needles through her home. Provide some pics of drugs and needles scattered around \$5k It is important to note that the husband does NOT know this is happening. He had a similar experience though to make sure he will take her back, which he agreed to do. She is strong for a woman. And she is stubborn and will need lots of persuasion. And she will say yes when she is thinking "fuck no" so after she is released a way to continue to encourage her would be a good idea. Let me know soon if the escrow I named is acceptable. If so, I will put \$40k in there. I will put \$20k today, once we agree to the escrow and the terms of the goals old message below ----- : Hi, Yes, I understand you being nervous to add all bitcoin in a single escrow here. But all these efforts he will put into, are depending on if he sees you have the bitcoin for bonus ready or not. Do you agree to put into external escrow? if yes, I can ensure that he will fulfill all the goals, because he is a really determined person, he can do whatever it takes to persuade her into the goals you ask If you agree into using external escrow, we will then look for an escrow that is agreeable with both you and me, an escrow that doesnt ask for personal details nor email addresses, and uses bitcoin Let me know Juan admin [REDACTED] Cartel cyberteamReply Del

Date Apr 01 2021, 16:21 Admin : I am sorry there is no way to change the success wallet or any other details after the bitcoin escrow has been started. This is because, some people could change the success wallet or other details after escrow has been started, breaking the deal. For example: Person A wants to sell a gun to person B. The success wallet is set, refund wallet is set. If person A doesnt get the gun, person A gets funds back If person A receive the gun, person B gets funds But if person A is able to change the success wallet, then success wallet can become a wallet of person A When deal is completed, person A receives funds that are needed to be sent to person B This is why, nothing can be changed after escrow has been started If you are not happy with the escrow details, please start new escrow transaction This escrow transaction can be canceled, and the funds will be received back to you within 15 to 30 daysReply Del

The processing time is 15-30 days. This is to avoid situations where the transaction is being canceled without the seller being aware of what is happening.Reply Del^[13]

Welcome to [REDACTED] Cartel marketplace!

Under the shelter and protection of the Deep Web, our hundreds of [REDACTED] Cartel members offer you high-quality drugs, guns, and professional assault services at affordable costs.

We can kill any person you want, as long as is not a president or very important person that is guarded by military.

We can make the murder look accidental, so that Police will not suspect anyone.

We also do kidnappings, beatings, and set fire to properties.

Murder, wet work, assault, arson can be easily provided worldwide by our experienced strongmen via a secure way, while you remain fully anonymous and your order confidential. Thousands of happy customers recommend our products and services such as drugs, guns, assault, arson, and murder.

You can place the order on our marketplace anonymously without providing your name, email, phone number or address. Only description about the job and the mark.

You will need to provide proof you have the funds available, but you pay after the job is completed.

The selected killer doing your job can not scam you because he does not receive payment until the job is done.

You can choose your heavie, goon, enforcer, juce man, leg-breaker, strongman, shylock, repo man, bagman from a large selection of criminals providing services in various countries.

Customers are fully anonymous on our website. We advise our customers to mask their IP addresses when visiting the site. This is done by using the Tor browser or trusted VPN.

U.S. v. Ronald Craig II

4-21-2021 Exhibits 023

Customers are fully anonymous on our website. We advise our customers to mask their IP addresses when visiting the site. This is done by using the Tor browser or trusted VPN.

Payments are secured as they are made through bitcoins. We do not ask for any advance payments and the customer pays from the personal wallet after the job has been done.

No risky meet-ups are required. You are exposed to the potential of blackmail or arrest if you meet a drug dealer or vendor face to face. On the internet, you are anonymous.

Buy drugs, guns or hire a vendor the safest and easiest way by submitting an order while hiding your IP and personal information. [REDACTED] Cartel vendors will provide the goods or services in the most effective and discreet manner.

All services providers on our website have been thoroughly checked before approval and we guarantee that there are no undercover cops or law enforcement agents among them. This is done by asking them to harm specific people that we can check afterward, knowing that cops will never be allowed to harm innocents for the sole purpose of infiltrating our service.

Customers will never provide their real names, addresses, phone numbers or other personally identifiable information, so there is no incentive for anyone to hack our website as there is no information to steal or to share with the police.

Delivery information, messages and mark information for murder jobs are permanently destroyed as soon as the job is done. All communications and temporary information submitted through our website is stored securely and encrypted then destroyed when no longer necessary.

If cops will try to disguise as customers and submit orders asking for drugs or guns, they will receive the items in packages with fake sender information, after submitting bitcoin to the escrow system.

It is very risky for law enforcement agents to place murdering orders on fake marks in order to trap our contract killers because our killers will check the mark and the surroundings for several days without carrying a gun before completing the order. If they will spot anything suspicious, they have the right to abort the order and the customer will get the money back from the escrow system.

Further more, cops that will try to place trapping orders risk having their decoy killed by the assigned contract killer in case their security agents will cover too well and won't be spotted.

Police cannot risk having their decoys killed even if they will catch the killer afterward, this leading to our hitmen to encounter almost no trapping orders during their entire activity.

Hi,

I see the minimum amount of bitcoin that you sent is arriving to your wallet.

Yes, the goals can be done withing the 2 weeks of the job being done, for the bonus of \$20k to \$40k.

As for proof of the bonus, you can put the bitcoin for the bonus \$20k to \$40k either here on your wallet, or on an external bitcoin wallet.

After the two weeks after the job is done, when the goals have been achieved, you can release the bonus to us

Is this ok?

Let me know

The information shared with me regarding the target is she has a full time job and a part-time job at [REDACTED]. She works there every other Wednesday night and closes the business by herself around 7 pm. I don't know for sure if she is actually working tonight, but it is likely. Her schedule gets complicated because she has kids every other week. This week she does not have kids. She will have kids starting Friday after work, around 4.

That is something to consider now. But, since it is such short notice, I am sure you will have other ideas.

She is stubborn. The vendor/team will have to be very persuasive to get her to follow through with the goals. But I suspect your team can be just that, very persuasive and hopefully will be able to encourage her to complete the tasks even after she is released.

Hi,

I got the information. I have spoken with the assigned hitman, and he said he would prefer to see the entire bonus amount added to escrow before he proceeds with the job. Seeing the entire bonus added to escrow is a great incentive for him to do the job as careful as possible and follow with everything so that the goals are done within 2 weeks after that

Can you please add the bonus to escrow?

Let me know

Let me know which of those two would work.

I would prefer to just add the bonus Bitcoin shortly after the target is in hand, with some sort of obvious pics that prove it.

Does you guy need more details? Does he understand the goals? The top goals to get the biggest bonus is stopping all court proceeding AND going back to her husband. Importantly, the court timeline is coming up, that is why there is a 2 week window. If we miss that, then the bonus will shrink, unfortunately.

What is his timeline for getting her? I have few restrictions on what it will take to persuade her. Threatening family, use her dog as a demonstration, whatever. And pics and videos are necessary to use to keep her mouth shut in the future.

Time is of the essence to avoid the court stuff moving forward.

Thanks

Hi,

Yes, I understand you being nervous to add all bitcoin in a single escrow here.

To easier the worries, we agree to use external escrow. This means, we can use an external escrow site that is independent from us, to put the bonus there. We will have no control over it, and it will be fully into your control.

The hitman understand the goals perfectly. This is why he needs to see if you have bonus ready, he will do everything in his power to fulfill the goals in the two week window, before the court timeline

He can be very persuasive into convincing her to keep the mouth shut, he can use really scary ways of threatening her into not talking to anyone and not going back to her husband.

But all these efforts he will put into, are depending on if he sees you have the bitcoin for bonus ready or not.

Do you agree to put into external escrow? if yes, I can ensure that he will fulfill all the goals, because he is a really determined person, he can do whatever it takes to persuade her into the goals you ask

If you agree into using external escrow, we will then look for an escrow that is agreeable with both you and me, an escrow that doesnt ask for personal details nor email addresses, and uses bitcoin

First, lets ensure the goals are correct. I think you accidently wrote "not go back" when in fact she MUST go back. This is the absolute goal that she must do for a good bonus.

Goals

1. Stop all court proceedings
2. Do go back to her husband weather she wants to or not
3. Keep her mouth shut, and tell no one about the kidnapping
4. Plant drugs in her home and used needles a day or so after collecting her. So, if people start looking for her while she is detained, they will find them.
5. Inject her with heroin 2 times per day. Teach her to inject herself.
6. Send pics and videos of her injecting herself for bribery later.

Her schedule I have described. I have been told she has kids every other week starting on Friday. She has kids starting this Friday. She works week days from about 8 to 4. When she does NOT have kids she works at the [REDACTED] on Saturday and then Wednesday after work.

I will use an external escrow. Hidden Wiki, where I first discovered your link, suggests the following: [REDACTED] - Best escrow service on dark web, low fees, ensures that both vendor and customers are safe by keeping the funds in a secure account until goods or services are delivered"

Can you please encourage your guy to start now. I have \$40k in a wallet right now. I tried to send a pic of it but I cant get this email to select that file. I will start moving the Bitcoin as soon as we agreed on an escrow. But it will take a couple days to get there. I dont want to loose much more time.

If he collects her when she has kids it will be immediately publisized. If she doesnt have kids AND she is forced to send texts out to work and any nosey friends , she could say she has COVID and is quarantined.

So, please have him start now and send me updates and pics as soon as you have her.
AND is the Bitcoin Escrow gonna work for us?

U.S. v. Ronald Craig Ilg

4.21.2021 Exhibits 039

Thanks

So, please have him start now and send me updates and pics as soon as you have her.

AND is the Bitcoin Escrow gonna work for us?

I am moving Bitcoin around for the independent escrow.

I think being very clear about the bonus will avoid a dispute. So, I will propose the following:

To earn the additional associated bonus, within 2 weeks of the target being released, she will have completed the specific goal.

1. Permanently withdraw all court motions and all mediated agreements. Bonus \$10k
2. Return to your husband by asking to move back home AND fucking him at least three times within the 2 week time frame Bonus: \$10k
3. Keep her mouth shut and tell no one, ever about the kidnapping Bonus \$10k
4. Inject her daily with heroin and teach her to do it AND supply pics and videos of her injecting herself. \$5k
5. Plant drugs and used needles with her DNA in the needles through her home. Provide some pics of drugs and needles scattered around \$5k

It is important to note that the husband does NOT know this is happening. He had a similar experience though to make sure he will take her back, which he agreed to do.

She is strong for a woman. And she is stubborn and will need lots of persuasion. And she will say yes when she is thinking "fuck no" so after she is released a way to continue to encourage her would be a good idea.

Let me know soon if the escrow I named is acceptable. If so, I will put \$40k in there. I will put \$20k today, once we agree to the escrow and the terms of the goals

Hi,

I see. I have been informed that the escrow transaction is being ended and the funds are being sent to your address.

Please let me know once you startup a new escrow transaction for the bonus, and add funds there.

Unfortunately, the hitman doesnt want to start the job until he sees the bonus funds in escrow. He is afraid you might change your mind and not add the funds to escrow any more

How soon can you start a new escrow transaction and add the funds there?

Let me know

Hi,

Hi, I talked with the hitman and he said we need to wait until you have the bonus funds in escrow with the correct success wallet. He can not start the mission before you have funds in escrow. Please start a new escrow transaction with the correct success address and add as much bonus funds as you can there, for him to start the mission

Sorry for the late reply. I had to go to a place that had no cell coverage.

Would he start this weekend if I add \$5k to your escrow and start a new escrow that I will eventually fill to \$40k? I will start #10k by this weekend.

Send me the address you want me to put into this new escrow.

Again, the timing is an issue. Since stopping the court proceedings soon is a major part of the bonus, the bonus may be affected if we wait too long.

So, will he start this weekend with the above?

Thanks

Hi,

I see uou have added \$5k to escrow here, and \$10 k to external escrow as per the view code you provided . This is \$15 k of the bonus

I talked to the hitman and he said he can fill the tasks for the bonus in max two weeks from today even if he starts the job within several days from now

He said he cant start the job until he sees the full amount of bonus in the external escrow

Can you please add the remaining \$25 k of funds in the external escrow within the next few days so that the hitman starts the job soon? He wont start the job until he sees the full bonus added in external escrow and I dont want to delay the starting too much is this ok can you do it ?

Hi,

Let me know the plan. If you can add the remaining of bitcoin bonus, the hitman can start today or tomorrow. He will be still able to complete the tasks for the bonus in two weeks time from last sunday.

By 26th April all tasks for bonus will be completed. But we need to start asap. Is there a way for you to add the remaining bitcoin for bonus today or tomorrow so that he can start?

 Apr 01 2021, 16:21 Admin : I am sorry there is no way to change the success wallet or any other details after the bitcoin escrow has been started. This is because, some people could change the success wallet or other details after escrow has been started, breaking the deal. For example: Person A wants to sell a gun to person B. The success wallet is set, refund wallet is set. If person A doesn't get the gun, person A gets funds back. If person A receives the gun, person B gets funds. But if person A is able to change the success wallet, then success wallet can become a wallet of person A. When deal is completed, person A receives funds that are needed to be sent to person B. This is why, nothing can be changed after escrow has been started. If you are not happy with the escrow details, please start new escrow transaction. This escrow transaction can be canceled, and the funds will be received back to you within 15 to 30 days.

The processing time is 15-30 days. This is to avoid situations where the transaction is being canceled without the seller being aware of what is happening.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 04/19/2021

On 04/15/2021, a physical surveillance was conducted by SSRA Christian Parker in the vicinity of Room 441 at Sacred Heart Medical Center in Spokane, WA. RONALD ILG (ILG) was admitted to the hospital and was being treated/observed in Room 441. The following observations were made during the surveillance:

Just before 6:00 am, ILG received a call on the phone in his hospital room that had been transferred from the nurse's station. ILG had been trying to call his brother on the phone earlier in the morning, but it is unknown at this time who was on the other end of the phone call.

From his position outside Room 441, SSRA Parker could overhear ILG's side of the phone conversation. ILG discussed where WITNESS 1 (known to SSRA Parker to be referring to WITNESS 1) would stay because she had just sold her house in Idaho. ILG indicated she could stay at his house for a couple months until things get figured out. ILG also said WITNESS #1 could talk to "them" as long as she had an attorney sitting with her. The attorney might even be the same attorney who is representing ILG. (Agent note: ILG was likely referring to the FBI when he said WITNESS 1 could talk to "them.")

ILG also asked a question to the person on the other end of the phone call. He said words to the effect of "Do I tell the attorney the story I started with or do I tell him everything and say 'what do I do?'"

I found another phone that I threw in the pool while he was sleeping and he freaked out. He made up two stories that I did not believe regarding the phone

I found some strange dates written on all the orange juice glasses on the clear wrap

He was taking my phone and money and passports and that is when I text you. He was acting stranger than his normal strange

He went crazy one night and pinned me down and started beating me and slapping me around saying we were in Mexico now and he could do whatever he wanted to me and no one could help me

Another night he went crazy and hurt me and I recorded some of it. I tried to lock him out of the room but he was going to cause drama with my kids there so I let him in.

Before the trip I left him maybe three times at least two. He put me down in a hold in the yard. Maybe an older water tank not sure. Dark and wet and put the top on.

During the trip anytime I would get mad at him he added one hour to the time I was going to have to spend in the hole when we got back. 6 hours he kept saying.

He took my finger and drew blood and dragged me to sign some slave contract in blood and with my signature. I did not use my real signature and there are texts of me telling him no and I'm not some slave and he made me sign it

He was hurting me bad and I did not know how to get away

Master/Slave
Contract

A Consensual Real Slavery Contract between a slave and its Master

This contract is provided as an agreement which defines the relationship and interaction between an individual, hereinafter termed the slave and one or more other individuals, hereinafter termed the Master. This agreement is being entered voluntarily but cannot be broken except under the conditions stated herein, after which certain precautions shall be taken to protect those involved.

1.0 Description of the parties involved

This is an agreement between,

*Dr. Ron Ilg
7207 E. Whiting RD
Spokane, WA 99217*

hereinafter called the Master, and

WITNESS 1

hereinafter called the slave.

1.1 Declaration of consensus

Both parties, Master and slave, acknowledge to have read, understood and agreed on the document describing in general what is meant by the term "Consensual Real Slavery." Both parties also acknowledge that this general description has been completed by a document describing the Rules of the House

1.2 Declaration of lucidity

Both parties state explicitly to enter this agreement fully lucid and aware of their actions and consequences.

1.3 Declaration of free will

Both parties state explicitly to enter this agreement of their own free will. This agreement is being entered voluntarily, but cannot be broken except under the conditions stated herein, after which certain precautions shall be taken to protect those involved.

2.0 *The slave's Role*

The slave will obey the Master at all times and will wholeheartedly seek the Master's comfort, pleasure and well-being, above all other considerations the slave may have. The slave agrees that the slave shall derive its own pleasures from accepting its part in the contract and that the slave will gladly accept the pleasures the Master provide. The slave further agrees to confess the slave's desires for the Master's consideration. Failing to do so, the Master take no responsibility in the consequences of the slave's failure to disclose desires, even if the slave is unable to communicate the its desires. The slave will strive diligently to re-mold the slave's body, habits, attitudes, knowledge and skills in accordance with the Master's desires. Also, the slave agrees to change the slave's actions and speech to express the slave's changed habits and attitudes. The slave will seek to learn how to please the Master better, and will gracefully accept any criticism in whatever form the Master chooses. The slave renounces all rights to privacy or concealment from the Master. The slave will answer truthfully and completely, to the best of the slave's knowledge, any and all questions the Master may ask of the slave. The slave understands and agrees that any failure by the slave to comply fully with the Master's desires shall be regarded as sufficient cause for any punishment the Master deem appropriate. The slave unconditionally accepts, as the Master's right, anything the Master may choose to do with the slave, whether as punishment, for the Master's amusement, or for whatever purpose the Master desire, no matter how painful, unpleasant, or uncomfortable to the slave. The slave agrees to take all the experiences that occur during the enslavement, as a chance to learn and grow, and use them to improve the service to its Master. The slave agrees to submit completely to the Master in all ways. All of the slave's body, mind, heart, soul, time, talents, knowledge and skills are at the Master's disposal. There are no boundaries of place, time, or situation in which the slave may willfully refuse to obey the directive of the Master without risking punishment, except in situations where the slave's veto applies. The slave also agrees that, once entered into the Real Slavery Contract, its body, soul and mind belong to its Master, to be used as seen fit, within the guidelines defined herein. All of the slave's possessions likewise belong to the Master, including all assets, finances, and material goods, to do with as he sees fit. The slave agrees to please the Master to the best of its ability, in that it now exist solely for the pleasure of said Master.

2.1 *The slave's Veto*

The slave, where appropriate, holds veto power over any command given by the Master, at which time they may rightfully refuse to obey that command. This power may only be invoked under the following circumstances, or where agreed by both Master and slave.

- Where said command conflicts with any existing laws and may lead to fines, arrest, or prosecution of either party.
- Where said command may cause permanent bodily harm to the slave or to some other person.

2.2 *The safeword and -gesture*

Both parties, Master and slave, declare having agreed on a safeword and -gesture. The safeword and/or -gesture can be used by any of both parties to temporarily postpone this agreement. The Master determine when the agreement comes back into effect. The slave accepts the responsibility of using this safeword and/or -gesture when necessary, and trusts implicitly in the Master to respect the use of that safeword and/or -gesture. If a condition arises in which the slave needs to use the safeword or -gesture, the Master will assess the situation, and determine an appropriate course of action.

3.0 *The Master's Role*

The Master accept the responsibility of the slave's mind, body and worldly possessions, to do with as he sees fit, under the provisions determined in this contract. The Master agrees to care for the slave, to arrange for the safety and well-being of the slave, as long as They shall own the slave.

4.0 *Punishment*

The slave agrees to accept any punishment the Master decide to inflict, whether earned or not. Two levels of punishment are defined.

Punishment

This is a normal level of punishment bound to the rules mentioned below. This level is used for training the slave and in cases of moderate misbehavior and

Extreme punishment

This level of punishment can only be applied in cases explicitly described in documents. The rules of punishment do not apply for extreme punishments and permanent bodily harm could be the result of it without the slave having the right to ask for an ending of this contract

4.1 *Rules of Punishment*

Punishment of the slave is subject to certain rules designed to protect the slave from intentional abuse or permanent bodily harm. Punishment must not incur permanent bodily harm, or the following forms of abuse.

- *Blood may not be drawn intentionally at any time. Punishment must stop immediately if blood is drawn.*
- *Burning the body*
- *Drastic loss of circulation*
- *Causing internal bleeding*
- *Loss of consciousness*
- *Withholding of any necessary materials, such as food, water, or sunlight for extended periods of time.*

4.2 *Permanent Bodily*

Harm Since the body of the slave now belongs to the Master, it is the Master's responsibility to protect that body from permanent bodily harm. Should the slave ever intentionally come to permanent bodily harm during the course of punishment, it will be grounds for immediate termination of this contract, should the slave so desire. Permanent bodily harm shall be determined as:

- *Death*
- *Any damage that involves permanent loss of mobility or function.*
- *Any permanent marks on the skin, including scars, burns, or tattoos, (unless accepted by the slave).*

5.0 Contact with other people

The slave may not seek any other Master or lover or relate to others in any sexual, submissive or affectionate way without the Master's permission. To do so will be considered a breach of contract, and will result in extreme punishment. The Master may give the slave to another Master, provided the rules of this contract are upheld. In such a situation, the Master will inform the new Master of the provisions stated herein, and any breach by the new Master will be considered a breach by the Master as well, subject to all rules stated in this contract.

6.0 Activities not mentioned

The slave is forbidden to engage in any activities not actively allowed by the contract, unless it is addended or by later edict of the Master. All rights and privileges not otherwise noted in this contract belong to the Master, and he may exercise them as he choose.

7.0 Duration of the Contract

This contract is applicable 24 hours per day, 7 days a week, every week of the year until death of the slave. The relation and contract will go through several phases to allow each party to fully understand what it means. During the trial periods Master and slave are fully bound to all terms of this contract. At the end of each trial period and before the start of the next, each party involved can decide to end the contract as described in the "Termination of Contract" clause. After each trial period a cooling down period of a few day can be agreed upon. During this cooling down period, the contract is postponed with the same terms as if the safeword or -gesture had been used. After this contract has been terminated, the parties can, in mutual agreement, decide to split up or to start a new contract with other terms.

7.0.1 first trial period

The first trial period starts on 03/20/2021. It will last for 3 months and so will end on 06/20/2021 at noon. The cooling down period after this trial is agreed to be 3 days

7.0.2 second trial period

The second trial period starts on 06/24/2021. It will last for 6 months and so will end on 12/24/2021 at noon. The cooling down period after this trial is agreed to be 3 days

7.0.3 third trial period

After the second trial period has ended, both parties decide together and in mutual agreement, whether they want to start a third trial period or whether they let the contract enter its permanent state. If a third trial period is chosen for, it will start on 12/29/2021. It will last for 12 months and so will end on 12/29/2022 at noon. The cooling down period after this trial is agreed to be 3 days

7.0.4 permanent state of the contract

After the trial periods have ended, the agreement enters its final and permanent state and can only be ended as mentioned elsewhere in this contract. This final and permanent state will start on 01/03/2023.

7.1 Alteration of Contract

This contract may not be altered. When both parties, Master and slave, agree fully aware and out of their free will to change the contractual terms of their relationship, they will first terminate this existing contract as described below and afterwards agree on and sign a new one.

7.2 Termination of Contract

This contract may be terminated at any time by the Master, but never by the slave, except under special conditions explained within this contract. Upon termination, all physical evidence of the slavery, including this contract, will be destroyed, and all materials and belongings shall belong to the Master, to be shared or kept as he sees fit. The slave, owning nothing and having agreed to give up all worldly possessions and body to the Master, shall once again own their body and mind, but nothing else, unless the Master decides to give back some or all of its possessions.

8.0 Slave's Signature

I, **WITNESS 1** have read and fully understand this contract in its entirety. I agree and accept Master's claim of ownership over my physical body. I understand that I will be commanded, trained and punished as a slave, and I promise to be true and to fulfill the pleasures and desires of my Master to the best of my abilities. I understand that I cannot withdraw from this contract except as stated in this contract.
